Profile 31-101

Stock Symbol:

In 2007 we established NuEra Nutraceuticals Inc., combining years of experience in contract pharmaceutical manufacturing for the growing Natural Health Products industry with a state-of-the-art manufacturing facility. Our goal is to create products that are superior in efficacy, purity and potency—a goal we attain every day, with every product.

Products and Services

See ad pg. 69

We specialize in custom formulations, encapsulation, tableting, packaging, and labelling. Every step of our manufacturing process follows the cGMP guidelines and our facility is licensed by the Health Canada_NHPD—which means your products will undergo strict quality control inspections before we send them to you. With research, technology and the right ingredients we create powerful products that are safe and beneficial.

Profile 101-31

Stock Symbol:

Nu-Tea Co. is a privately owned Canadian company that develops and manufactures the Tega® Red Tea brand for distribution in Canada, the US and South Africa. Nu-Tea was founded out of a deep, personal connection to South Africa, and a passion for the health and wellness of our customers.

Products and Services

See ad pg. 13

Vendor to Retail and Distributors. Tega® Red Teas are recognized for premium quality, certified organic ingredients, best taste, purity and trademarked package design. Tega is completely natural. Our red teas are naturally caffeine-free and sweet tasting without additives, preservatives or calories. In addition to packaged teas for retail, we provide private label manufacturing and bulk organic rooibos and honeybush teas.
